**INSPECTION OF TOWN BUILDINGS**

**CENTER ROAD SCHOOL**

**PERFORMED BY THE PERMANENT MUNICIPAL BUILDING COMMITTEE**

**OCTOBER 29, 2019**

1. The items noted in our last inspection of 10/25/17 have been completed.
2. Endcaps are needed on the tack strips in the hallways.
3. The fascia was painted on the outside of the building.
4. The gym floor was refinished, and mats were put up around the inside perimeter. It looks wonderful!
5. A new driveway was put in. It was designed to alleviate congestion at drop-off and dismissal times. Traffic flows more smoothly now. There's improved safety and convenience for staff, students and parents.
6. A new parking lot for school staff was put in behind the playground.
7. Overall, the building looks neat, clean and well taken care of. Bill Peluso is to be commended for the awesome job he does along with his maintenance staff.
